ALL WORK TOGETHER
KICO must have more cordial
co-operation before we get
right kind of results for the com-
munity. It seems so strange that our
cannot agree on any propo-
sition for the general good
community.

the lighting proposition
of our people want light,
they do not seem to be able to
get exactly how much light they
want. When it comes to the ques-
tion of fall festivities, one wants
entertainment; another, an-
other; some don't care, and there
are. Everytime a proposition
is put up even those who are not
to furnish either money, time,
labor, get their haters out and
light to work trying to create dis-
union. Let's forget all this foolish-
ness and petty bickerings, and work
together for good old Mexico, the
town on earth.

F. F. MAYHALL, editor of the
of Bowling Green, has been ap-
pointed postmaster in that town. His
other, editor of the Laddonia Her-
ald is postmaster at Laddonia. Both
these gentlemen are first class busi-
ness men, and will devote their entire
to the duties of the office, and
predict will make most satisfac-
tory postmasters.

HERE should be a hundred girls
in Audrain County attending Har-
vey College every year, and Presi-
dent and Mrs. J. W. Millon will be
one in the college parlor Wednes-
day and Thursday of this week to
be with parties in Audrain who
are arranging to place their
daughters in Harvill. This is a spe-
cial arrangement for the benefit of
the people who are interested in
placing their girls in this splendid
institution.

WE are confident the same lighting
position that was submitted, when
about half of a vote was polled,
the result was only a few short,
two-thirds necessary, if submit-
again would practically find all
people in favor of it. The more
think about it the more they
to be sorry the proposition was
adopted.

HERE are possibly fewer base
balls than last, but the
number of fouls is steadily grow-
ing. And they don't think that it is
the pitcher who succeeds in hitting
that nearly every time, either.

EVERYBODY in Audrain County
interested in the fall festivities to
place in Mexico, and they should
a credit to good old Mexico and
Audrain County.

THAT Eastland horror was without
doubt; but as for that so is the Eu-
ropean horror.

MANY a chap with moral dyspep-
sia thinks he has religion.

PAYING WAY FOR PEACE?
Washington, Aug. 31.—Another de-
velopment at least in the direction of
peace in Europe marked the
negotiations Monday afternoon.
This was the information the State
department received from London
that there was to be a relaxation of
the "hard rule" under which American
ships on the high seas have been
held up by the Allies war vessels.
Coming so soon after the German
surrender that submarine warfare
will be conducted henceforward ac-
cording to America's interpretation
of international law, it was inevit-
able that officials should see a con-
nection between the London and the
Berlin concessions.

It was just what the administration
had been hoping for but hardly dared
expect.
If the United States can bring about
an agreement between the Germans
and the British on the respective sub-
jects of submarine activities and the
"starvation blockade," the distinct
possibility will exist that mediation
may be pushed to a point contempla-
tion of a complete cessation of hos-
tilities.

Jeane Wortham, wife and little
daughter, Mary Belle, from San An-
tonio, Tex., are visiting Mr. and Mrs.
G. E. Younger this week. They will
visit other relatives and friends as
they both were residents of Mexico
some years ago.

Ice Cream Supper.

There will be an ice cream supper,
Saturday night, in the basement of the
new Community church in Rush Hill.
The public is invited.

\$1 Special
SPECTACLE AND EYE-
GLASS SALE.
We are offering another lot of
Alumino spectacle and eye-
glass frames with Meniscus
lenses fitted to your eyes for only
\$1. We test your eyes and grind
the lenses perfectly accurate on
our Automatic Lens Grinding
Machines. Wear Mexico Style
Lenses.
If we don't fit you
We don't charge you.

FORMER MEXICO MINISTER CELEBRATES SEMI-CENTENIAL

The Rev. J. A. Mumpower, who was
Pastor as well as Presiding Elder
Preaches at Conference.

Chillicothe, Mo., Aug. 31.—The
Rev. J. A. Mumpower, of Shelby-
ville, Mo., the oldest active minister
of the Southern Methodist conference
in Missouri, who has been preaching
for 50 years, delivered the opening
sermon today at the conference held
in this city. Mr. Mumpower was
licensed to preach in 1864. He is well
known in Mexico where he served
both as pastor and as presiding elder
of the district. This sermon was in
the form of a celebration of his semi-
centennial.

Rev. Thompson Penn of Monroe, a
superannuated preacher, is the only
other minister now living who entered
the conference in 1864.
Bishop E. R. Hendrix, Kansas City,
who has held six conference sessions,
is presiding. The Bishop was just
entering the ministry when the ses-
sion was held at Chillicothe in 1869.
Rev. J. E. Stanley, Whitehall, Mont.,
now retired, and the Bishop are the
only survivors of a class of nine
preachers then received. Mr. Hendrix
was ordained deacon and ap-
pointed to Leavenworth, Kas., which
was then an appointment in the Mis-
souri Conference.

Four Members Die in Year.
Four members of the conference
have died during the year: Rev. T.
M. Patterson of O'Fallon, Rev. G. A.
Stanton of Memphis, Rev. A. S. Bow-
les of Wellville, superannuated, and
Rev. W. A. Hanna of Carrollton, who
was stricken while making a pastoral
call on a sick member. He was the
first active member to die in several
years.

Rev. Dr. O. E. Brown, Nashville,
Tenn., gives a Bible reading each
morning and Prof. J. R. Tate of the
Peabody Normal, Nashville, lectures
on the "Country Church" each after-
noon. The conference will continue
in session one week and will adjourn
after the Bishop announces the ap-
pointments for the next year.

CHAUTAUQUA UNDERWRITERS.
The following are those who under-
wrote the Chautauqua for 1916 in this
city. The list is over twice as long as
it was this year.

A. D. Jackson, E. F. Elliott, L. B.
Hawthorne, S. W. Hayne, W. R.
Botts, W. Clyde Johnson, Sam Morris,
Mexico Ledger, R. M. White, L. M.
White, A. H. Moore, S. P. Emmons,
D. H. Gauthron, F. A. Sannepack, H.
H. Grafton, Wilkins and Brown, A.
H. Whitney, L. A. Beach, C. T. Powell,
C. A. Buckner, J. W. Dry, W. B. Sap-
pington, Clarence A. Barnes, W. L.
Fowles, J. H. Sallee, J. D. Greer, Fred
A. Morris, K. R. Brazz, Ivan Ash-
worth, J. N. Krebs, W. A. Shullenber-
ger, Harry Atchison, Otis Purdy, L.
M. Dozier, J. W. Barnett, Henry
Llewellyn, W. W. Fry, John W.
Howell, C. P. Malone, S. D. Stocks,
S. N. Evans, E. R. Locke, Rolla Mc-
Intyre, Fredendall & Wilkins, J. W.
Plunkett, R. T. Gibbs, D. T. Moore,
P. L. Hanly, E. McD. Bridgford, F. P.
Kelso, T. J. Kelso, John Ridgford, W.
W. Fry, Jr., J. T. Johnson, Geo. H.
Kunkel, Macon Creamery, Crown Lau-
ndry Co., W. J. Offutt, Sam Wallace,
J. R. Jesse, J. E. McPheters, T. R.
Bruce, Herbert Pryor, J. W. Bulling-
ton, C. H. Hamilton, Alex. Carter,
Wm. F. Atkinson, H. Hansen, O. Glin
Green, J. F. Harrison, David H. Rob-
ertson, Clarence E. Meyers, Chas. C.
Bledsoe, W. L. Reed, Will C. Williams,
C. F. Clark and F. M. Ragsdale.

LAW VIOLATION FELONY.
Kansas City, Kas., Aug. 31.—In-
stead of trying cases of alleged viola-
tions of the antiquity law in the Mu-
nicipal Court, which has been de-
ferred for years, W. H. McCanish, recently
appointed special Assistant Attorney
General in Kansas City, announced
Monday that in the future he will file
charges in the District Court against
alleged violators of the prohibition law.

When the case of four men were
called Monday McCanish asked for a
week's continuance that he might
have time to get State warrants. The
Municipal Court can impose only a
fine and jail sentence, while the Dis-
trict Courts can give a Penitentiary
sentence of two years. Three separate
bonds will have to be filed by anyone
found guilty in the District Court
who appeals to the Supreme Court,
according to recent act of the Kansas
Legislature.

MAISON ROAD MEETING.
Macon, Mo., Aug. 31.—A meeting
of road enthusiasts from this section
of Missouri was held here last night.
The purpose of the meeting was to
make an organized effort to secure
the Big Four motor road through
this section. This action followed a
recent meeting of like character in
Mexico.

Quite a number of towns in this
section sent delegations and every-
thing possible will be done to keep
the roads in first class shape so that
travel will not be diverted to another
section. The large crowd present
wanted to see the route by way of
Mexico and Moberly and through
Macon on to Kansas City.

Rally at Sunrise.
Commencing Monday night, Sept. 6,
the Rev. Purdy of Columbia will con-
duct a ten-day rally meeting at Sun-
rise church. Come and help make it
a big rally.

MEXICO & JOPLIN LAND CO. SELL LARGE ORE HOLDINGS

Mexico and Vandalla Men Dispose of
560 Acres in Zinc Land in the Tom
Station District.

The Mexico & Joplin Land Co., com-
posed of W. W. Fry, C. M. Clay, W. J.
Botts, C. D. Rodgers and R. D. Rodgers,
of this city and Dr. J. C. Parrish and
C. G. Daniel, of Vandalla, sold their
560 acres of zinc land near Joplin,
Monday, to an Oklahoma Company, C.
D. Rogers, Dr. Parrish and Mr. Daniel
retained an interest in the property.
This land was in the famous Tom
Station district and among the best
producing properties in Jasper county.
It was bought by the local men just
fourteen years ago, Monday, the day it
was sold. The price paid is not stated.
At times there were as many as 10
mines running on this land. It was
leased to the mine operators who paid
a royalty on their output for the privi-
lege. Some of the biggest strikes in the
district were made on this property
and it proved an excellent invest-
ment in every particular.

GOV. TO CALL SPECIAL SESSION
Officials Maintain New System Must
Be Inaugurated to Untangle
Missouri's Finances.

Shelbina, Mo., Aug. 31.—Gov. E.
W. Major, in his address at the open-
ing of the Shelby County Fair today,
declared that if the Supreme Court
rendered an adverse decision in Su-
perintendent Gass' mandamus action in
the school-fund controversy, he im-
mediately would call a special session
of the Legislature for the purpose of
putting the appropriation in the normal
standard.

This was the Governor's first pub-
lic appearance in Missouri for three
weeks, and he discussed briefly the
school fund during his address on
good roads, good schools, better agri-
culture and better citizenship.

The Shelby County Fair Tuesday
attracted its largest first-day atten-
dance, 4,000 persons being present.

BEER FEES DECREASE \$5,000

August Inspection Receipts Show Con-
tinued Falling off in Missouri.

Jefferson City, Mo., Sept. 1.—There
still is a marked falling off in the
beer tax receipts. State Inspector
Speed Mosby Tuesday reported col-
lecting for August at \$42,228.32, be-
ing \$5,000 less than for August, 1914.
There has been a steady decrease in
the beer consumed in Missouri, as in-
dicated by the tax collected for in-
spection.

Whether this is due to abnormal
weather conditions is a matter of con-
jecture. Some attribute the decrease
to encroachments of "dry" territory
on "wet"; others charge the seeming
lack of a "thirst" to the moving-pic-
ture theatres.

SCHOOLS TO GET THE MONEY.
Jefferson City, Mo., Aug. 31.—Attorney
General Barker sent a legal opinion
to the state auditor Monday recalling
a former ruling of his department
holding that in apportioning the state
school fund the auditor should only
apportion one-third of the revenue re-
ceived from taxes. The amount with-
held by the auditor under the ruling
was \$514,503.22.

The attorney general returned last
night after an absence of nearly two
months spent upon the chautauqua
circuit in Ohio, West Virginia and
Kentucky. The first thing he did
Monday morning was to send an op-
inion to the auditor recalling the one
referred to, which in reality was writ-
ten by his assistant, William M. Fitch,
November 14, 1913, and was only
made use of by the auditor in making
the present apportionment of school
moneys.

Dies at Hospital.

Orlando (Brick) McCoy, 59 years
old, died at the Mexico Hospital at
1:30 o'clock Wednesday morning, af-
ter an extended illness. Mr. McCoy
was brought to the hospital from
Wellville about a month ago.

Mr. McCoy's nearest relative is a
brother, George McCoy; his address is
unknown. His nephew, A. M. Meeks,
of Chillicothe, has been notified and
will arrive today to make the funeral
arrangements.

PASSENGERS HAD TIME TO BRACE THEMSELVES ON TRAIN

When Ill-Fated No. 16 on the Alton
Was Wrecked, Monday, Some Had
Miraculous Escapes.

Vandalla, Mo., Aug. 31.—C. G.
Daniel, who was injured in the wreck
on the Alton, near Rush Hill, Monday,
is a little better after a disturbed
night. Mr. Daniel was cut on the
forehead, had his shoulder hurt and
one limb injured. The physicians
have been unable so far to ascertain
just how seriously he was hurt as it is
feared he may have been internally
injured.

Three of those injured in the wreck
are in the Mexico hospital: John Mc-
Cauley, of Oklahoma City, whose back
was badly bruised, J. W. Yeager, of
this city, back badly wrenched; and
Bunt Freels, of Laddonia, who was
the worst injured in the wreck, having
his back injured, left leg broken and
internal injuries. They are re-
ported resting as well as can be ex-
pected. E. S. Wilson was better
this afternoon, although the cut on
his head is very painful.

When Alton east bound train No.
16 was wrecked a mile west of Rush
Hill, Monday afternoon at 2:15, a
number of Mexico people were on
board and all whether injured or not
came near meeting with death. The
worst injured from this city was E.
S. Wilson who was severely cut about
the head and badly bruised over the
body.

Mr. Wilson was sitting with W. F.
Whitney, of this city, in the smok-
ing car. They had time to brace them-
selves before the car careened from
the track but in the final crash Mr.
Whitney was shot through a window
suffering only a slight cut above the
eye and one or two small bruises; Mr.
Wilson went headfirst through the aisle
and beneath the toppling seats. F.
H. Ransom, a traveling man of Moberly,
who was across the aisle, was
struck by Mr. Whitney going through
the window and knocked loose from
his hold upon the seat. He tumbled
over on Mr. Wilson. Mr. Wilson was
unconscious for thirty minutes after
being dug from beneath the debris by
Fireman E. Todd, who with G. M.
Blackburn, engineer, were pulling the
train.

J. W. Yeager of this city, who was
riding in the smoking car, tried to
brace himself but before he could get
hold of anything secure was shot
through a window into the right-of-
way. He says the shock must have
broken the window before he went
through as his head was not cut. He
suffered a severe wrench of the back
and a number of painful bruises.

When he reached into one of his side
pockets to look for his keys he
found a large piece of the window
glass which had fallen in there in
some mysterious manner.
Mrs. E. A. Lofton of this city, who was
one of the heroines of the accident,
She was seated in the rear coach with
her son, Huett, and Fritz Rose, son
of Mr. and Mrs. Wm. Rose, of Mex-
ico. Both boys are about 7 years old.
Mrs. Lofton says the first knowledge
she had of the approaching wreck was
the breaking bracing himself in the
aisle. She said the terrified expres-
sion on his face warned her some-
thing fearful was about to occur.
She did not lose her presence of mind
for a second but took a child in each
arm and bracing herself against the
seat in front waited for the crash.
When it came all three slid to the
floor.

"I never expect to hear such
screams and groans," said Mrs. Lofton.
"In the rush to escape from the
overturned car people ran over us as
we lay on the floor between the seats.
I saw Mrs. Bradway, whose arm was
broken, thrown on her head and never
thought she would be found alive. We
finally crawled from the car and dis-
covered that I had a slight bruise on
the face as did my boy. Fritz did not
have a scratch."

Mrs. Chas. Trustee, of this city,
with her two small children were on
board the train. They came through
the accident unhurt as did W. Clyde
Johnson, County Superintendent of
Schools. Mr. Johnson with the few
others unhurt aided in rescuing the
women and children as well as the
men who were hurt.

When the relief train left Mexico
the following physicians were on
board: Drs. J. F. Harrison, R. C.
Strode, R. T. Gibbs, J. A. Wren, R.
W. Berry, Fred Griffin, and G. F.
Toulson.

Conductor Jake Fell, who had
charge of the Alton train which was
wrecked west of Centralla last Decem-
ber in which so many were hurt,
was in charge of the wrecked train on
this occasion. He, with the remain-
der of the train crew, was unhurt.

The relief train from this city was
well handled by the Alton officials in
charge of J. E. Fish Division Passen-
ger and Freight Agent.

The Injured.

E. S. Wilson, Mexico, Mo., head
badly cut.
James Yeager, Mexico, Mo., back
sprained and leg injured.
Mrs. E. A. Lofton, Mexico, Mo., face
bruised.
W. F. Whitney, Mexico, Mo., head
cut.
H. S. Emerson, Bowling Green, Mo.,
back sprained.
Mrs. C. I. Bartlett, Laddonia, Mo.,
right leg cut.

TEMPERATURE HAS BEEN ABOVE 90 ONLY 15 TIMES

The Temperature Has Been Above 90
Only Three Times During the
Month of August.

This summer has been the coolest
in years and August has kept pace
with the months preceding. Only
three days this month has the tem-
perature been above 90 degrees.
Only fifteen days this year has the
thermometer registered above 90 and
has reached 95 degrees during the
month of July.

Last year the highest temperature
during July was 102, this year it was
95. During May only three days did
the temperature reach 90 or above;
during June, one day; during July,
eight days; and August, three days.

The coldest day this month was
August the 31st. The maximum
reached was 65 degrees, the minimum
was 30 degrees. J. F. Llewellyn, the
local weather man, reported a light
front Monday night. The drop in the
mercury has been general in St. Louis
and Chicago reports that only twice
before in the history of the local
weather bureau has the mercury
dropped so low in August as was the
30th. It registered 47 degrees there.
This record was equally in
1872 and again in 1887.

The rainfall this month was 6.09,
which is 3.47 inches above normal.
The greatest rain fall was 2.80 inches.
In St. Louis the fall record this
month was 4.71 inches.

John McCane, Oklahoma City, Okla.,
back sprained.

H. Emerson, Moberly, Mo., face
badly cut, hip bruised.

C. H. Ransom, Laddonia, Mo., cut on
head and back.

Frank Thomas, Louisiana, Mo., hand
badly hurt.

Mrs. Robert Ritchie, Ransome, Ill.,
left shoulder wrenched.

C. H. Beare, Mexico, Mo., left knee-
cap injured.

John Bradway, Roodhouse, Ill.,
left hip injured, wrist broken.

Miss Loraine Deems, Bloomington,
Ill., left arm injured.

Mrs. Maggie Thomas, Louisiana,
Mo., left foot cut.

G. W. K. K. Columbia, Mo., rib
broken.

Mrs. M. L. Trigg, New London, Mo.,
left shoulder sprained.

Bunt Freels, Laddonia, left leg
broken, head cut, perhaps internally
hurt.

WILLIAM J. BRYAN HERE.

Former Secretary of State Passes
Through Mexico.

William Jennings Bryan, former
Secretary of State, passed through
Mexico and stopped for a few minutes
at the Hotel Chapala for breakfast,
Wednesday. Mr. Bryan was on his
way to Lexington where he is to
fill a Chautauqua engagement. He
stated that he would be back through
Mexico on his way to Montgomery
City, where he is to deliver an address
Saturday.

Mr. Bryan refused to discuss na-
tional questions this morning, owing
to the limited time here, stating that
in the short interview he might con-
vey the wrong impression of his
views.

Offers T. R. \$10,000 to go to War.

New York, Aug. 31.—Theodore
Roosevelt has a small fortune await-
ing him if he joins the English colors.
George Geis, a Brooklyn real es-
tate dealer, will hand over a certified
check for \$10,000 if T. R. will shoul-
der a musket and start for France.

He made the offer Monday night
and said other German-Americans
living in Brooklyn would double the
sum.

"I voted for Roosevelt three times,"
he said. "When he ran for Governor
of New York I supported him, and I
even went so far as to leave the Re-
publican party in his behalf."
"But he talks entirely too much for
me. I want to see him back up some
of his remarks."

Elect New Teachers.

The Mexico School Board met Tues-
day evening and elected teachers to
fill the vacancies caused by resigna-
tions. Miss Julia K. Russell, of Col-
umbia, has been chosen to fill Miss
Gill's place as teacher of mathematics.
Misses Mary Dearing and Cora Lee
Lake have been elected to fill the
places of Misses Minnie Stallings and
Ruth Everett.

DATE OF CORN CARNIVAL TO BE ANNOUNCED SOON

Will Have a Few High Class Independ-
ent Shows on Percentage to aid
in Raising Funds.

At a mass meeting, Tuesday even-
ing in the City Hall, called by L. R.
Ferris, president of the Mexico Cim-
mercial Club, it was decided to hold
an old fashioned Corn Carnival with
a few independent, high class shows
in connection. These shows will be
here on a percentage and the income
from them will be used to defray part
of the expense of the entertainment.
The soliciting committee have virtu-
ally \$1,000 in sight but say fully
\$1,500 is required to give four days of
fall festivities. The agricultural ex-
hibits and free acts will be the feature
of the week.

Committees will be appointed at
once to take charge of the various
departments and see that they are
properly exploited and arranged. If
the show this year is a success the
entertainment will likely be made a
permanent one.

J. S. McINTYRE RECOVERING.

Attorney Undergoes Operations at
Hospital at Rochester, Minn.

(St. Louis Republic.)
Joseph S. McIntyre of the law firm
of Wiley, McIntyre & Nardin, with
offices in the Boatmen's Bank build-
ing, formerly of Mexico, Mo., who was
operated on in a hospital at Roches-
ter, Minn., yesterday morning, passed
through the ordeal splendidly, accord-
ing to a telegram to Xenophon Wil-
fley. Mrs. McIntyre is at her hus-
band's bedside.

McIntyre believed his ailment
would be relieved through outdoor
exercise. He and his wife have been
at Wequeton since July 1, and he
spent most of the time playing golf.
This not having the desired effect,
he went to the hospital. The operation
was considered difficult and danger-
ous. Dr. C. E. Burford of St. Louis,
is attending him.

COAL BURNING FOR 100 YEARS.

Fargo, N. D., Aug. 30.—The "mouth
of hell" mystery, which has puzzled
Indians and white men in the North-
west for more than fifty years, has
been solved by a professor at the Uni-
versity of North Dakota.

On the William Galtish farm, twelve
miles southeast of Velva, N. D., is
a tract of land, eighty-five acres in
extent, which is so hot that snow never
rests there, although the temperature
outside may be 40 below zero. Vegeta-
tion will not grow on the land.

Prior to the coming of white men to
the Northwest the spot was a favorite
halting place for migratory Indians,
who found it warm there in winter.
Many traces of Indians have been
found in the form of arrow and spear-
heads, hatchets and bones. John
Marlson, pioneer resident of Velva,
says his family camped on this ground
on their journey from Western Wis-
consin to California in 1849. The
place was famous then among the In-
dians.

University geologists say the ex-
planation of the mystery lies in the
fact that extensive veins of lignite coal
underlying the spot were set afire in
some manner, possibly a hundred
years ago, and have been burning ever
since. Escaping gas from the com-
bustion accounts for occasional cop-
ies and grouse which are found as-
phyxiated on the ground. The coal
will continue to burn indefinitely, the
geologists say.

Parcel Post Insurance.

Postmaster General Burleson has
announced that effective Sept. 1st
fourth class or parcel post mail mat-
ter may be insured against loss in an
amount equivalent to its actual value
but not to exceed \$5.00 in any one
case on payment of a fee of three
cents. Up to \$25, on payment of a
fee of five cents; up to \$50, on pay-
ment of a fee of ten cents and up to
\$100, on payment of a fee of twenty-
five cents in addition to the postage.
Particular attention is directed to
the provision providing for an insur-
ance of parcels where the sender de-
sires no more than \$5 indemnity for
three cents. The present minimum
insurance fee is five cents.

Another recent order of Postmaster
General Burleson provides that upon
the payment of one cent in addition to
the regular postage on parcels, the
sender will be given a receipt for each
parcel post package.

Child Dies.

Barney, the two and a half year old
child of Mr. and Mrs. Marvin Fisher,
of near Rush Hill, died at the home
of his parents, Monday night. The fu-
neral was held at Liberty church, Tues-
day. The Ledger extends sympathy
to the bereaved.

Mission Festival.

There will be a Mission Festival at
the Evangelical Lutheran church,
Mexico, Mo., on Sunday, Sept. 5. Ser-
vices in German at 10:00 a. m. and in
English at 2 p. m. Everyone is wel-
come. d&wd

Meddames J. D. Miller and J. H.

Watts have gone to Auxvasse to visit
their brother-in-law, James Cox, who
is seriously ill.

Ice Cream Supper.

There will be an ice cream supper
at Olive Methodist Church Satur-
day night, September 11, and every-
one is invited. d & w it

Albert Klekamp and family have

returned to South Dakota after a
pleasant visit to his father, Henry
Klekamp, and sister, Mrs. Lena Bog-
er.

Society and Corsetry
By Madame La Belle

You'll be surprised at the day-long comfort of your KABO Corset if you've not worn KABO before. There's no pressed-in or pushed-up feeling. The body softness remains. Your KABO Corset simply molds you to the right style lines without stiffness or restraint.

There's good reason for this good fitting. All KABO styles are modeled over real flesh. We have 97 models this season. They're fitted in three positions, sitting, reclining and standing. If you're getting stouter you'll find the right KABO model will take one to three inches from your hip measurement and keep your stomach and bosom in proper position, uncrowded.

KABO
THE LIVE MODEL CORSET

We guarantee that KABO Corsets will not rust, tear or break
